NORTHSTAR ELECTRICAL SERVICES

SCHEDULED MAINTENANCE

Northstar can offer advanced monthly, bi-monthly, or quarterly scheduled maintenance services to all of our customers.

Having regular maintenance services has great benefits. We are able to assess any outages, test voltage issues for outlets (if requested), test emergency lighting, and try to repair any problems quickly before a new work order is put in as a complaint by the store managers, associates, customers, or inspectors.

For many locations that have standard parts, we already have those stocked on our vehicles and can easily replace lamps, ballasts, sockets, or

receptacles.

Another benefit to having scheduled maintenance programs is that Northstar can find problems that were not part of the standard scope of work, but we will report them back to you and possibly give a quote to repair them. In the photo to the right you can see that we were requested to repair outages at the site,

but found the lenses to the fixture had been broken. We reported this back to the customer and asked if they would like a quote to replace the fixture.

There are several options for assigning us scheduled maintenance programs. You can send us a work order every month, or you can send us one work order with a request to go during a certain time frame each month and we will put it in our calendar ahead of time.

If you are interested in scheduling regular maintenance with us, please give us a call. We would love to discuss the options available.

Free Email Site *Hotmail* Celebrates 20 Years!

The first free email site, Hotmail, was commercially introduced on July 4th, 1996. It was strategically launched on Independence Day to symbolize, "freedom from ISP-based email."

It was the first email system that allowed subscribers to access email from any browser in the world. Storage was limited, but at 2MB, in 1996 it was considered a huge amount of storage space.

In just over a year over 8 million people had signed up for an account.

The name Hotmail was used to showcase the letters HTML for webpages. The name was originally written as HoTMaiL. Happy Anniversary Hotmail!

HAPPY BIRTHDAY!

Bill and Kevin not only share July as their birth month, they share the exact same day too! Happy Birthday Gentlemen!

SUMMER SUCCOTASH SALAD RECIPE

Ingredients

- 1 cup fresh butter beans
- 2 cups fresh corn kernels (3 ears)
- 3 tablespoons canola oil, divided
- 2 tablespoons fresh lemon juice
- 3 tablespoons chopped fresh chives
- 1/2 teaspoon hot sauce
- 1/4 teaspoon salt
- 1/4 teaspoon pepper

Preparation

1. Cook butter beans in boiling salted water to cover 20 minutes or until tender; drain.
2. Sauté corn in 1 Tbsp. hot oil in a small skillet over medium-high heat 2 to 3 minutes or until crisp-tender.
3. Whisk together lemon juice, next 4 ingredients, and remaining 2 Tbsp. oil in a large bowl; stir in corn and butter beans. Serve immediately, or cover and chill up to 3 days.

The recipe can be found [here](#) along with other great summer dishes for you to try! Credit is given to Southern Living for the recipe and for the photo.
