Respond by April 15th to be entered.

PARKING LOT RETROFITS

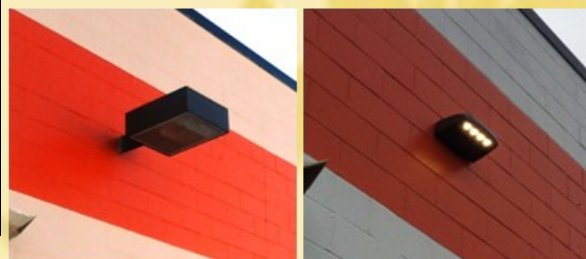

In the past few months we have worked on several parking lots throughout the region, changing out the old HID lighting fixtures in pole lights and wall packs and installing new LED lighting.

These systems are not only more energy efficient but provide a clearer brighter light and they are also more aesthetically pleasing. You can see from the pictures that these new fixtures are smaller and offer more visual appeal.

We had received work orders for more than 40 locations that needed these upgrades. The project started in February and is expected to finish in April. If you are looking for a parking lot retrofit, please give us a call. We are happy to give you estimates to install and survey your parking lot.

Call us at 888-73-NORTH!

WIN \$100

American Express Gift Card!

Give us a review on Google and we will enter you in our drawing for a \$100 American Express gift card!

Any review on Google will qualify you. Just be sure to let us know you reviewed us, the name used and the date submitted.

You can easily link to the Google page [here](#) and find the ["Write a review"](#) tab on the right hand side under Northstar Electrical Services Inc.

You may need to create a Google account if you don't already have one.

We appreciate our customers and we want to know how we can improve our services. Please let us know with these reviews!

A Fool Within Us All

One of the best holidays for giggles is April Fool's Day. Although not a Federal Holiday, the USA and many other countries recognize April Fool's Day. That makes it even more fun! After all, what unites everyone more than laughter and smiles?

Although the actual origin of the holiday is disputed, it is most commonly believed to have started in France in 1582 under the reign of Charles IX. When the Gregorian Calendar was introduced, New Year's day was actually New Years week from March 25th to April 1st. With news traveling slowly, it took several years for the change to be recognized. Those who had a rebellious streak in them refused to change with the times and were labeled as "Fools" therefore "April Fool's". These "Fools" were ridiculed and made fun of and sent on "Fool Errands" which were practical jokes. This formed the tradition we celebrate today in The USA, Canada, Europe, Australia, and Brazil. So let us keep those pranks harmless and get ready for some belly laughs and unite with laughter on April 1st!

The image to the left was part of an April 1st prank in 1857. The tickets were handed out for a "Washing of the Lions" event at the tower of London. The

ticket was fake and the event never took place.

If you are looking for a safe prank to pull try a sundae that appears to be ice cream but is really pulled pork, mash potatoes and a cherry. It's still a treat but will not be expected!

Earth Day Can Be Everyday!

Whether you're gearing up to celebrate Earth Day this month or just really happy that it's about to get warm, it's tree hugging season!!!

Here are a few fun ways to celebrate Mother Nature this Earth day and as the days keep getting warmer:

- Take a hike outdoors or a stroll around the block
- Do some gardening while dreaming of the warmer months ahead
- Head to the zoo

-Tap into your inner child and make some delicious dirt cake with gummy worms

-Plant a tree

-Go vegan for a day

-Do a little sun/rain dance depending on your current weather—hopefully there's no snow!!

-Have a picnic in the park—you might have to pack a sweatshirt though

Earth Day is April 22nd, 2015.

Earth Day
