Pumpkin Spice Craze— A Little Too Much or A Wonderful Thing?

It's that time of year where all the Fall stuff comes out. Crisp leaves, cinnamon, corn husks, costumes, candy, and everyone's favorite gourd—the pumpkin.

Has America's obsession with pumpkin flavor and scent gone too far, or is it the best thing Fall has ever offered?

New products are constantly being offered with pumpkin spices. Forget the standard pumpkin pie. There are candles, body products, food, beverages, and many more products!

Check out some of the odd items that have popped up recently:

- Pumpkin Spice Sausage (Nature's Promise)
- Pumpkin Spice Hummus (Cedar's)
- Pumpkin Spice Rubbed Salmon
- Pumpkin Spice Dog Treats
- Fall Frolic Cat Litter (Tidy Cats)
- Pumpkin Spice Cigars and E-vapor
- Pumpkin Spice Potato Chips
- Pumpkin Spice Pasta Sauce
- Pumpkin Spice Lip Balm

There are many hoax products mocking the obsession too. They are just as fun! So what's your take, too much spice or never enough?
